

Sangetsu Wallpaper Design Awards 2020 Entry sheet

【 Theme 】 『 Joy of Design 』

【 What You Should Do 】 Design a sheet of wallpaper by imaging, since wallpaper is a product, “who would use the space and how” and remembering the contest theme of the “Joy of Design”.

Wallpaper is meaningless on its own. Not until it is pasted on a wall does it fulfill its said purpose. And, that purpose can be anything - to make a hospital more cheery, a hotel something to remember, a classroom more inviting to open discussion or an office more conducive to streamlined work flows. A single sheet of wallpaper can instill an air of comfort or change a person's mood. That said, before actually designing anything, you should think about your wallpaper not just as a product but also in terms of the purpose and desired effect you want it to have in the space you imagine, and put your design concepts down in writing.
